

## **Special Projects Survey 2010**

After programs and activities for parents, students and teachers have been funded, the PTA often has money left over from fundraising and PTA dues. That money is used for Special Projects. Examples of past projects include: murals painted in the commons and gyms, large Timberwolf mats by the front and commons doors, and landscaping and sign by the main entrance.

This year we have additional funds and would like your input! Please take a moment and consider needs for the school. Below are some Special Projects ideas to get you thinking. Please don't let that limit you. All ideas will be considered by the Special Projects Committee then presented to the PTA General Body (note: this is only for purchases for the school, not programs, classes, etc.).

Please return to the Westbrook front office or via your child's study hall by March 26. You may also email your suggestions to [hsincox@hotmail.com](mailto:hsincox@hotmail.com)

***I would like to see Special Projects money go towards (please mark and specify, including Store or Vendor, item number and price):***
